

Dear Family,

This week \_\_\_\_\_ will learn about colors. Using the topic “Outside Our Door,” we will be talking about the colors we see around us. You can help your child learn more by talking with her/him about the things he/she is doing at school and the new letters and words that he/she is learning. Here are some ways that you can work with your child at home.

### Think Talk &

- What did you read today?
- What was the story about?
- What colors did you learn about?
- Where do you see your favorite color?

### Home Activities

#### Collect Letters O and o

Look at magazine or newspaper headlines. Help your child find and cut out capital *O* and small *o*. Put the letters in an envelope or small box. Have your child count how many letter *O*s and *o*s they have in their collection. You can also sort the capital *O*s and small *o*s into two piles.

#### Reading Together

Children will listen to a book titled *Red Is a Dragon* this week. Read other books about colors with your child. Encourage her/him to talk about the illustrations.

### What I Learned

Here is a note from your child and her/his teacher.
