

Dear Family,

This week _____ will learn about spring. Using the topic “Look, It’s Spring!,” we will read stories about how plants and animals grow and change in the spring. You can help your child learn more by talking with her/him about the things he/she is doing at school and the new letters and words that he/she is learning. Here are some ways that you can work with your child at home.

Think Talk &

- What did you read today?
- What did you like best about the story?
- What grows and changes in the spring?
- What would you like us to plant in the spring?

Home Activities

Looking for Dd

Look for *Dds* on food packaging, such as cereal boxes and labels on cans. You can also look for *Dds* on signs around your neighborhood. Encourage your child to tell you whether the letter they found is a capital *D* or a small *d*.

Reading Together

Your child will listen to the classic folktale “Jack and the Beanstalk” this week. Read other versions of this story with your child. Talk about how the stories are alike and different.

What I Learned

Here is a note from your child and her/his teacher.
