

**How to make:** Fold under the top of a strip of colored paper and staple the inside edge to the bulletin board to make an awning. Write *Juice Bar* on the awning. Label fifteen paper cups with the phonetic symbols and spelling patterns taught in Units 13–17. Fasten the cups to the bulletin board. Attach a box of large paper straws to the bottom of the bulletin board. Write the Basic Words from each unit on the straws.

**How to use:** Have students sort the straws and place them in the appropriate cups. You may wish to accumulate the spelling-word straws on the board as students progress through the cycle.
