

How to make: Decorate your bulletin board to look like a large hotel. Hang a red sign that says “Spelling Inn.” Mark off and label five floors above the elevator as shown. Section off the rest of the hotel into floors and rooms, labeling them with phonetic spellings as shown. Decorate the lobby with plants. Add a desk and a clerk.

Have students make luggage from colored construction paper. Write a Basic Word on each suitcase, and pin the suitcases in the “lobby.” Draw a “bellhop” on a piece of cardboard, color the drawing, and cut it out.

How to use: Have students take turns being the bellhop and delivering luggage to the room with the phonetic spelling that matches the sound or sounds in the word.
