## Roll and Spell

**Players:** 2 teams of 2–3 players, a caller

**You need:** blank cards, set of 2 dice, list of Unit 29 Basic Words

**How to play:** The caller writes each Unit 29 Basic Word on one side of a blank card and a number on the other side. Numbers should be written in random order, from 1 through 12. The cards are placed on a flat surface, number side up. A player from each team rolls the dice to determine which team plays first.

1. A Team 1 player rolls the dice and announces the number. The caller chooses the card with that number on it and reads the word on the other side aloud.
2. If the player can spell the word correctly, Team 1 takes the card. They are awarded points equal to the number written on the back of the card.
3. Teams alternate, with players on each team taking turns rolling the dice and spelling words. Any team that rolls a card number that has been removed from play loses a turn. If a word is misspelled, the card is returned to the playing surface.
4. Play continues for a set time or until all the words have been spelled. The team with the most points wins.
