

**Spelling  
Game****Spelling Bee**

**Players:** 2 teams of 3–5 players, plus a caller

**You need:** list of Unit 30 Spelling Words

**How to play:** Divide players into two teams. Each team should form a line. Follow these directions to have a spelling bee:

1. The first player on Team 1 steps forward. The caller reads a Spelling Word. The player must repeat the word, spell it, and say the word again. For example, “*star*, s-t-a-r, *star*.”
2. The caller checks the list. If the word has been spelled correctly, Team 1 gets 1 point. If the word has been misspelled, no points are awarded. The first player on Team 2 is given a chance to try to spell the word.
3. Teams take turns spelling words until all of the words on the list have been spelled correctly. Players move to the end of their lines after spelling words. The team with the most points wins.

**Other ways to play this game:** Players can write the words on the board instead of spelling them out loud.
