Players: two teams of 3–4

You need: word cards for Unit 31 Basic Words, 3-minute egg timer

How to play: Shuffle the word cards. Place them face down on a table or a desk. Sit with your team.

1. A player from Team 1 picks a card. The timer is turned over. The player has three minutes to act out the word he or she has chosen.
2. Teammates try to guess the word. If they guess correctly, they must spell the word. One point is awarded for each correct spelling.
3. Teams take turns acting out words and guessing them. The game is over when all of the cards in the deck have been drawn. The team with the most points wins.
