Players: 4 or more, a clue giver

You need: chalkboard, chalk, Unit 14 Basic Word list

How to play: Choose one player to be the clue giver. This person will draw clues on the chalkboard. Give the clue giver the Basic Word list.

1. The clue giver picks a word from the list and draws clues for the word on the board. Other players try to guess the word.
2. If a player guesses the word, he or she has to write the word on the chalkboard. If the word is spelled correctly, he or she becomes the next clue giver.
3. If the word is incorrect, another player spells the word.
4. Play continues until all players get a chance to draw, or all the words have been used.

Other ways to play the game: Players can draw the word clues with pencil and paper.
