

Spelling Game

Around the World

Players: 4 or more

You need: list of Basic Words from Unit 29

How to play: Sit in a circle on the floor. Choose a caller to begin the game.

- The caller reads a Basic Word aloud and points to another player. This player must say the first letter of the word aloud. The player to his or her left says the second letter of the word. The next player says the third letter, and so on, around the circle until the entire word has been spelled.
- If at any time a player gives an incorrect letter, that player is out. He or she must leave the circle and return to his or her seat. The next player tries giving the correct letter, and play continues.
- The game ends when all of the words have been spelled correctly.
