Picture Charades

Players: 7 or more

You need: a list of Unit 32 Basic Words, 20 word cards with a Basic Word on each card, chalkboard, chalk, timer

How to play: Two teams of three or more players are formed. Another player is the timekeeper. The timekeeper begins timing when a word card is chosen and stops the clock after one minute.

1. A player on Team 1 chooses a card. He or she draws a picture clue for the Basic Word on the chalkboard. The player’s teammates try to guess the word and spell it correctly before one minute has passed.
2. If a player on Team 1 guesses the word and spells it correctly, that player draws another card and plays. Otherwise, Team 2 gets the chance to play.
3. Teams take turns until all words have been correctly guessed and spelled. The team with the largest number of correct answers wins.

Other ways to play this game: Instead of drawing picture clues, players may act out the meaning of the words.
