

Spelling Game

Guess the Letters

Players: 2 or more, a caller

You need: paper and pencil for each player, list of Unit 34 Basic Words

How to play: Each player writes the 26 letters of the alphabet in order on a piece of paper. The caller chooses a Basic Word from the list and then says, "Ready."

1. Players try to guess which Basic Word has been chosen by asking questions about the letters that spell it. For example, "Is there a *p* in this word?"
2. If the caller answers, "Yes," players circle the letter on their paper. If the caller answers, "No," players cross out the letter. If the letter appears more than once in the word, the caller must say so. For example, "There are two *p*'s in this word." Players can write this number above the circled letter.
3. Players raise their hand when they are ready to guess the word and spell it aloud. The first player to correctly guess and spell the word becomes the next caller.
