

**Spelling
Game****Break the Code**

Players: 4 teams of 2 players

You need: paper, pencils, paper bag or other container, list of Unit 27
Basic Words

How to play: Players create and decipher codes to find Spelling Words.

1. Teams write the Basic Words on 20 slips of paper and place them in the bag. Then each team draws 4 slips.
2. On a separate piece of paper, each team creates a number code by assigning the numbers 1–26 to the letters A–Z; for example, A = 1, B = 2, and so on.
3. Then the team members convert the four words into the number code and write the coded words on another sheet of paper.
4. Team 1 gives its coded words to Team 2, Team 2 gives its words to Team 3, and so on. The team that correctly deciphers all the words first wins the game.
