

**Spelling  
Game**

# Spelling Ticktacktoe

**Players:** 2

**You need:** list of Basic Words from Units 1–5 as given in Unit 6, paper, two colored pencils in different colors

**How to play:** Players use Basic Words instead of X's and O's to play ticktacktoe.

- Players draw a large ticktacktoe board on a sheet of paper. Each player chooses a colored pencil to write with.
- The first player reads a Basic Word to the second player. The second player writes that word in one of the squares on the ticktacktoe board. The first player checks the spelling; if it is incorrect, the word must be erased.
- Then it is the second player's turn to read a Basic Word to the first player, who in turn writes it in a square. The second player checks it.
- The player who first completes a row of correctly spelled words, running across, down, or diagonally, wins the game.
