

**Spelling
Game****Fast Spell**

Players: 3–4 players plus a caller

You need: list of Unit 13 Basic Words, paper and pencil, timer

How to play: Players spell as many Basic Words as possible in a set amount of time.

1. The caller sets the timer for 2 minutes. Starting wherever the caller wishes to on the word list, he or she says a Basic Word, and Player 1 spells it as quickly as possible. The caller then gives another word, and Player 1 spells it, continuing in this manner until time is up. The caller notes how many words the player spelled correctly in the time period.
2. Play continues until each player has had a turn at spelling as many words as possible within the time given. The player who spelled the most words correctly wins the game.

Other ways to play this game: Shorten or lengthen the amount of time each player is allowed. The word list may be extended by adding Review Words or Challenge Words.
