

Spelling Game

You Build It!

Players: 2

You need: list of Unit 34 Basic Words, markers, 20 tongue depressors or craft sticks (or slips of paper cut in the shape of boards)

How to play: Players take turns spelling Basic Words until one gains enough “boards” to build a house.

1. Write a Basic Word from Unit 34 on each of the “boards.” Place the boards face down on a table, desk, or floor.
2. Player 1 picks up a board, turns it over, and reads the word to Player 2. If Player 2 can spell the word correctly, he or she keeps the board. If the player misspells the word, the board is replaced, face down, on the playing surface.
3. Players take turns choosing boards and spelling words until one player “builds a house” out of six boards, to win the game.
