

Spelling Game

Word Bites

Players: any number

You need: 20 index cards, list of Unit 32 Basic Words, timer or stopwatch, paper, pencils

How to play: Players spell new words using letters from Basic Words.

- Players write a Basic Word on each of the 20 index cards to make word cards. The cards are mixed and placed in a pile face down on the table.
- Player 1 takes the top card and reads the word. With a time limit of one minute, Player 1 must spell another word, using letters in the Basic Word. Player 2 can time Player 1 with a stopwatch or timer.
- Players receive one point for each letter in the word. For example, if a player picks *psychology* and spells the word *school*, the player receives six points.
- Players take turns until all the cards have been chosen.
