

Name _____

Model Your Body

Steps

1. Draw a picture of yourself.

2. **Use Models** Draw a line to each body part on your picture. Label each part.

3. **Communicate** Share your picture with a partner. Name each body part, and tell what it does.

Name _____

Think and Share

1. How did your hands help you with the picture?

2. Pick one body part that you drew.
Tell what it does.
