

Compare Animals

Steps

- 1. Compare** Look at animal pictures. Tell how animals are alike and different.
- 2. Classify** Sort the animal pictures into groups that are alike in one way.
- 3. Name your groups.** On a sheet of paper, make a list of the animals in each group.

Think and Share

- 1. Compare** Tell what is alike about the animals in each group. Tell how the groups are different.

Name _____

2. What body parts do you think help these animals live where they do?

Investigate More!

Ask Questions Make a list of things you want to learn about one animal. Write each thing as a question. Make a plan to answer your questions.
