

Record Needs

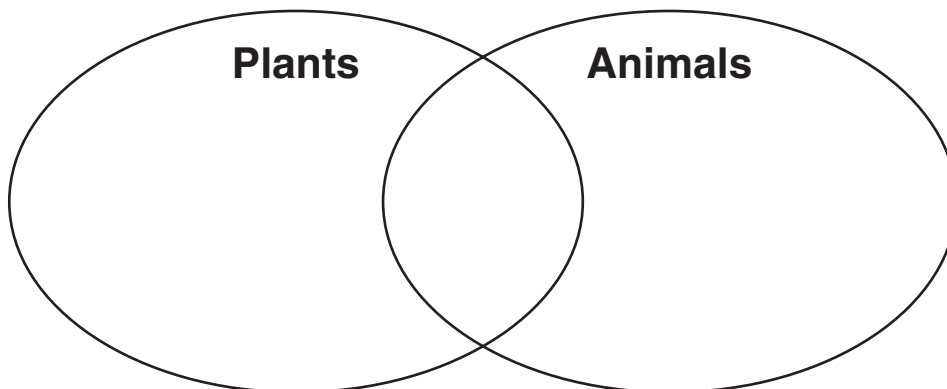

Steps

- 1. Observe** Watch a plant and an animal. Think about how to care for each of them. Record your observations.

Needs	
Plants	Animals
_____	_____
_____	_____
_____	_____

- 2. Cut out the word cards. Safety:** Scissors are sharp! Think about which things animals need and which things plant need.
- 3. Record Data** Place the word cards on the chart below to show what plants and animals need. Discuss with a partner. Then glue the word cards in place.

Needs of Living Things

Think and Share

1. What do both plants and animals need?

2. How are the needs of plants and animals different?
