

Compare Animals

Steps

- 1. Observe** Look at the animal cards. Notice how each animal looks. Think about how each animal moves.
- 2. Record Data** Write each animal name on the chart below. Then complete the chart for each animal.

Reptiles, Amphibians, and Fish

Animal	Where It Lives	Body Covering	Body Parts It Uses to Move	How It Moves

- 3. Compare** Look at your chart. Talk with a partner about how these animals are alike and different.

Think and Share

1. What are some ways you can group these animals?

2. **Infer** Why are fish not found in the desert?

Investigate More!

Work Together Work with a partner to make a list of animals. Decide how you could sort the animals into groups. Share your sorting rule with the class.
