

# Classify Foods

## Steps

- 1. Compare** Look at food ads. Look for foods that are alike. Look for foods that are different.
- 2. Cut out pictures of ten different foods. Safety:**  
Scissors are sharp!
- 3. Classify** Fold a sheet of paper into four parts. Sort the pictures into four groups. Glue each group to a different part of the paper.

## Think and Share

- 1. Communicate** Tell how you sorted the foods.

---

Name \_\_\_\_\_

2. What other ways could the foods be sorted?

---

---

---

## Investigate More!

**Work Together** Survey classmates to find out what foods they do not like. Discuss as a group how the foods named in the survey are alike.
