

Star Pictures

Steps

1. Place one half of the black paper over the cardboard.
Place a star pattern over that half of the black paper.
2. **Use Models** Make the star pattern on the black paper. Punch a hole for each dot.
3. Repeat steps 1 and 2 for the other star pattern.
Tape the black paper to a window.

Think and Share

1. What pictures did you see?

2. **Compare** How are the star patterns alike and different?

Name _____

Investigate More!

Experiment At night, go outdoors with an adult. Draw the stars that you see. Point out the brighter stars. Then look for star patterns. Share your drawings.
