

Name _____

Measure Weather

Steps

1. Take the thermometer and the rain collector outside.
2. **Record Data** Go outside again later. Read the thermometer. Record the temperature in the chart below.

	Monday	Tuesday	Wednesday	Thursday	Friday
Temperature	_____ °F	_____ °F	_____ °F	_____ °F	_____ °F
Rain					

3. **Measure** Use a ruler to measure any rain. Record what you measure in the chart. Empty the rain collector.
4. Do these steps for five days.

Name _____

Think and Share

1. How did tools help you learn about weather?

2. How did the weather change during the five days?

Be an Inventor Invent a tool to show if wind is blowing. Try your tool. Explain how your tool works.
