

Compare Plant Parts

Steps

1. Take both plants out of their pots.
Carefully shake the dirt from the roots.

Safety: Wear goggles!

2. **Observe** Use a hand lens. Look closely at the parts of each plant.

3. **Record Data** Draw pictures to show the parts of each plant.

A large, empty rectangular box with a thin black border, intended for students to draw pictures of the plant parts they observed.

4. Put the plants back in the pots. **Safety:**
Wash your hands!

Name _____

Think and Share

1. Compare What parts do both plants have?

2. Compare How are the plants different?

Ask Questions

Find a gardener who can answer your questions about different plant parts. Communicate what you find.
