

Fruits and Seeds

Steps

1. **Observe** Look at the outside of each fruit. Draw a picture of what you see. **Safety:** Do not eat the fruit!

A large, empty rectangular box with a thin black border, intended for a student to draw the exterior of a fruit.

2. **Observe** Use a hand lens to look closely at the inside of each fruit. Draw a picture of what you see. **Safety:** Wash your hands!

A large, empty rectangular box with a thin black border, intended for a student to draw the interior of a fruit.

3. **Communicate** Share your drawings with others. Talk about what you saw.

Name _____

Think and Share

1. **Compare** How were all the fruits alike?

2. **Infer** What would you find if you cut open a different fruit?

Experiment

Guided Inquiry

Think of some seeds that you can open with your fingers. Open them. Observe and record what is inside. Compare what is inside different seeds.
