

My Earthworm Report,

Page 1

Centimeter ruler (cm)

Earthworm Structures

- 1 How long is your worm? _____cm
- 2 How wide is your worm? _____cm
- 3 Gently pick up the worm. How does it feel?

- 4 Circle the parts your worm has:

eyes	ears	legs	nose	mouth	stripes
------	------	------	------	-------	---------

- 5 Look at the lines on its body. How many do you think it has? Circle one:

50	100	150
----	-----	-----

- 6 How can you tell the front from the back?

- 7 Is its front end round or pointed?

- 8 Which is flatter: the top of the worm or the bottom? _____

My Earthworm Report,

STUDENT RESOURCE 6.3

ACTIVITY SHEET

Page 2

Earthworm Movement

9 How does it move?

10 Find its tiny hairs. Hold the worm on your hand.
Can you feel the hairs? How do the hairs help
the worm?

Earthworm Actions

11 Hold the tray at an angle. Can the worm climb
uphill? _____

12 Put a crayon in front of your worm. Does it go
over or around it?

13 Which part of the tray does the worm go to:
the sides or the middle?

14 Draw a picture of your earthworm on the back
of this paper.
