

Section 8 Assessment

Vocabulary

- ① Use all of these vocabulary words in a few sentences that show how they are related.

erosion	deposition	sediments	weathering
---------	------------	-----------	------------

Erosion and Deposition

- ② How does planting trees help stop erosion?

- ③ Can deposition happen on a hillside? Explain your answer using observations from the Investigates.

Reducing Erosion

- ④ Use the sand to make a model of a small mountain on the plate. Imagine it is farmland that has problems with erosion. Show how you would change the slopes if you wanted to reduce erosion. Draw a picture of your model here.
