

Section 6 Assessment

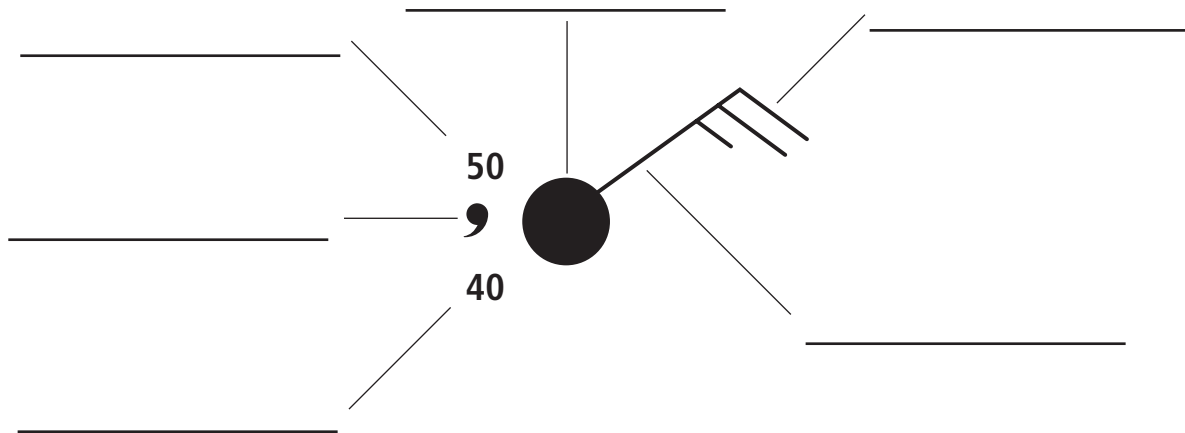

Vocabulary

- 1 What is a station model?

What Does a Station Model Tell You?

- 2 Look at the station model below. Label each part of the model with the type of information it provides.

Drawing a Station Model

- 3 From a magazine, cut out a picture that shows weather. Think about the conditions there and then draw a station model representing those conditions in the box below. (Refer to the *Weather Symbols* Resource page if necessary.) When finished, attach your picture to this page.
