

# Section 3 Assessment

## 1 What Causes Erosion?

Sun

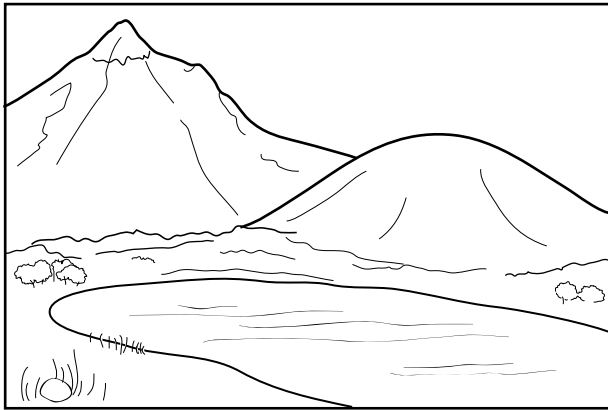

Wind

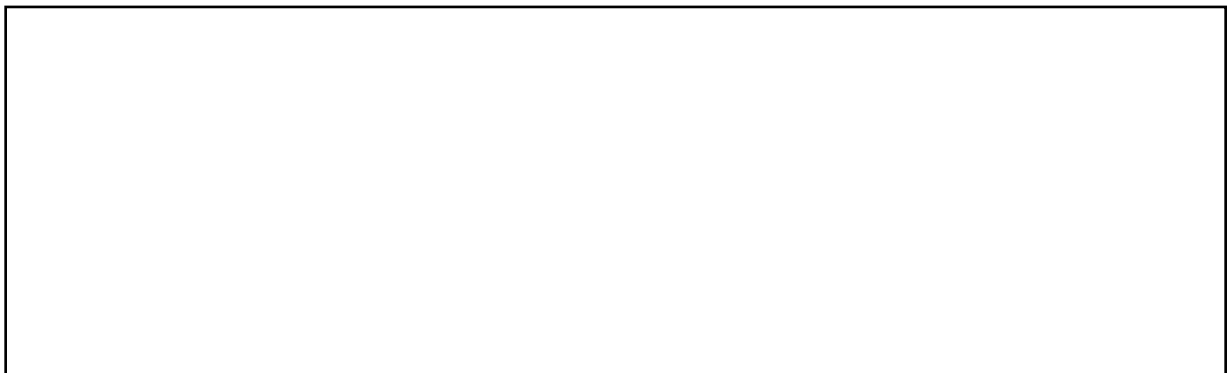

Rain

## 2 Label the Landforms

## 3 Make Your Own Landforms

**Directions:** 1. Tell students to circle two things that can cause erosion. 2. Tell students to write a letter “L” on the lake and a letter “M” on the mountain. 3. Have students sculpt two landforms (hills, valleys, ponds, or others) in sand. Then have them draw pictures of the landforms.
