

Aquarium Log

Which aquarium does your group have? **Aquarium** _____

Keep a log describing changes in your aquarium.

Water Depth

Aquarium Number	Water depth at start	Water depth after 3 days
in the light	cm	cm
in the dark	cm	cm

Recording Populations

Each time you add organisms to your aquarium, record the population in this chart. (If you cannot count the tiny duckweed plants, estimate the number as close as you can.)

Kinds of organisms	Population at start	Population at end	Difference between start and end
	Date: _____	Date: _____	
anacharis			
duckweed			
snails			
guppies			
newts
