

# A Movable Pulley

- 1** Lift the book with the spring scale without using a pulley. How much force did you use to lift the book? \_\_\_\_\_

- 2** Now lift the book with the spring scale using a movable pulley. How much force did you use to lift the book using the pulley? \_\_\_\_\_
- 3** Do you need to use more, less, or about the same amount of force to lift the book when using the movable pulley? \_\_\_\_\_
- 4** Which moves farther, the book or the spring scale?  
\_\_\_\_\_
