

Section 6 Assessment

Vocabulary

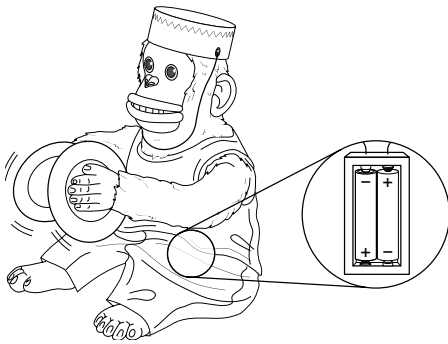

light energy heat energy chemical energy
mechanical energy sound energy

1 Which term above describes the energy of motion?

2 Which term describes the energy of moving particles? _____

Energy Chain

3 Look at the picture below. Draw an energy chain to show the energy changes that take place when the monkey bangs the cymbals. Use some of the terms above as needed.

Color Card

4 Rub a color card and tell why colors appear.
