Name Date

Polycrystals

STUDENT RESOURCE **8.5**
ACTIVITY SHEET

1 Fill in the table from your measurements.

Time	Diameter of the Crystal (mm)	Volume of Water in the Vial (mL)
Day 1		
Day 2		

2 Imagine that you are going on a one-month trip. You are worried that the houseplants will die while the family is gone. Explain how polycrystals could be used to solve the problem.
