

Section 5 **Assessment**, Page 1

1 Is It a Mixture?

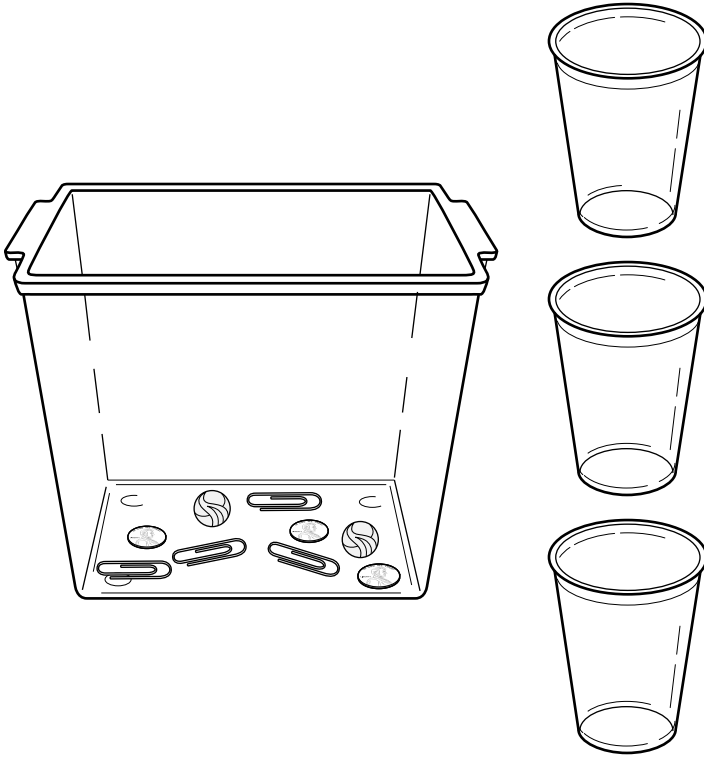

2 What Do You See?

Directions: 1. Have students circle the picture that shows a mixture. 2. Have students draw on the filter paper to show what colors they see when the paper is dipped in water.

Section 5 **Assessment**, Page 2

B Can You Separate a Mixture?

Directions: 3. Have students divide the different parts of the mixture into separate cups. Then have them draw the contents of each cup.
