

UNIT 6 Languages and Religions

Find Out Read the phone book to learn about your community's culture. Study the listings for places of worship and restaurants.

1. What are some of the different languages and religions in your community?

2. List some examples of how businesses in your community advertise to people who speak other languages.

3. Was the local phone book a good source of information about your community's culture?

4. **Critical Thinking: Evaluate** In what ways might the culture of your community change over time?
