

My State Symbols

Getting Started

1. Each state has symbols that show what is special about it. Some of the symbols are a state's flag, seal, bird, and flower.
2. Visit your local library or your state government's website. Find out the four symbols for your state and what each symbol means.
3. In the space below, draw or paste pictures of your state's flag, seal, bird, and flower. Label each symbol.
4. Write a list of the sources that you used on a separate sheet of paper. Explain what information you found from each source and how it was helpful.
