

UNIT 6 Origin of Imports

Find Out Find out information about the places from which your state imports goods by going to the website for the Department of Transportation.

1. From which states or countries does your state import goods?

2. From which state or country does your state import the most goods?

3. Was there any information that you had trouble finding? Explain the way you might find that information in the future.

4. **Critical Thinking: Synthesize** In what way does importing goods from other states or countries affect your state's economy?
