

Family Newsletter for Unit 1

Families and Friends

Learn About It

In this unit, your child will learn:

- about what families do together
- about making friends at school
- about leaders and rules at home and at school

Here are some ways that you can help your child learn:

Talk About It

Lesson 1: We Learn from Our Families

Sharing and Caring Families take care of each other in many ways. Discuss with your child some of the ways your family members show they care about each other.

Lesson 3: Friends at School

School Life Children like to make new friends at school. Talk with your child about how to make new friends and the qualities that make someone a good friend.

Lesson 5: Rules for Home and for School

Home Rules What are some rules at your home? Talk with your child about your home rules and why they are important to follow.

Make It

A “Look What I’m Learning” Poster Children learn new things all the time from their families and at school. Together with your child, make a list of new things your child has learned, such as riding a bike or learning the alphabet. Then help your child create and illustrate a poster showing those things.
