Assessment Rubric: The Seasons

Level 4
- Assumes a creative approach in selecting the pictures and designing the poster.
- Recognizes the differences between seasons and has a general appreciation for how these differences may vary from region to region.
- Identifies important clues of seasonal change and is able to explain them to others.

Level 3
- Helps find the pictures and plan the poster.
- Has a general understanding of how seasons cause changes in the environment.
- Either has trouble identifying clues of seasonal change or is unable to explain them to others.

Level 2
- May help find the pictures but does not help design the poster.
- Is unable to grasp without help the idea of seasonal change.
- Can only identify clues of seasonal change with help from others.

Level 1
- Requires one-on-one attention in order to select pictures or design the poster.
- Needs considerable prompting to participate in the activity.
