Travel Treasures

Think about the things you might do on a real trip. You can do some of the same things for your armchair travels. Here are some ideas to get you on your way!

- Create and write post cards to friends at home.
- Design a T-shirt from the place you visited.
- Draw pictures to create a photo album of the people and places you've seen. Copy the scenery from travel brochures or reference books.
- Keep a journal that tells what you did each day.
- Create a remembrance album with brochures, menus, ticket stubs, maps, and anything else you've collected.
- Create a "video" of places you've been. Make a series of drawings of sites you visited.
- Make a calendar for next year. Each month can have a different illustration of an interesting local feature.
- Decorate a mug or other surface as a souvenir.
- Write a story (or a poem) about something that happened to you.
- Write a travel column for your local paper, describing your trip.
