Add the Puppies

1. Read the problem.
   There are 5 puppies in the basket.
   Lyn puts 3 more puppies in.
   How many puppies are there in all?

   What do you know?
   There are _____ puppies in the basket.
   Lyn puts _____ more puppies in the basket.
   Draw a picture to show what happened.

   Write a number sentence to solve the problem.
   _____ + _____ = _____ puppies in all.

2. Write your own problem about puppies.

   Write a number sentence to solve.
   _____ + _____ = _____

   Look back at your number sentence.
   Does it show two sets?
   Does the sum show how many in all?
