**FLOWERS**
Bitterroot, Yucca Flower, Bluebonnet, Forget-Me-Not, Golden Poppy

*Use the clues below to help you fill in the state flowers and areas of the states in the list.*

**Clue 1:** The Forget-Me-Not state has an area 500,000 square miles more than a state that ends with the letter ‘a’.

**Clue 2:** The name of the Bitterroot state has an odd number of letters. It ends with ‘a’ and has an area about 11,000 square miles less than the state that has an ‘f’ in its name.

**Clue 3:** The Golden Poppy state has an even number of letters in its name.

**Clue 4:** The Yucca Flower state has the least number of square miles of the states in the list. Its name has an odd number of letters.

**Clue 5:** The Bluebonnet state is the second largest state in the list and is not the state with two words in the name.

1. Which clue helped you figure out which state has the largest area? Write the names of the states in order from least to greatest square miles.

2. Each clue contains unnecessary information. Circle the information in each clue that you did not need.

3. Which clues helped you figure out California’s state flower?
