Favorite Books

Mr. Sato asked his class to name their favorite kind of book. He wants to make a double bar graph. Use the clues below to draw the bars on the graph. Use different colors for boys and girls.

Clues

1. Four girls like mystery books.
2. Two more girls like biography books than mystery books.
3. Half as many boys as girls like biography books.
4. Four more boys like mystery books than biography books.
5. The number of girls who like fantasy books is twice as many as the number of boys who like biography books.
6. Two fewer boys like fantasy than mystery books.
