Time for Chores

Reg kept track of the time he spent helping around the house on Monday. Which chore took the most amount of time?

<table>
<thead>
<tr>
<th>Time</th>
<th>Chore</th>
</tr>
</thead>
<tbody>
<tr>
<td>12:30 to 2:00</td>
<td>clean the attic</td>
</tr>
<tr>
<td>2:15 to 3:00</td>
<td>wash the dog</td>
</tr>
<tr>
<td>3:30 to 4:30</td>
<td>fold laundry</td>
</tr>
<tr>
<td>6:15 to 6:30</td>
<td>set the table</td>
</tr>
</tbody>
</table>

1. How many chores did Reg do? What are they?

________________________________________________________________________

________________________________________________________________________

2. How can you find out which chore took the most time?
