Elapsed Time

Counting on a clock can help you find how much time has passed.

<table>
<thead>
<tr>
<th>Soccer Practice</th>
</tr>
</thead>
<tbody>
<tr>
<td>Start Time</td>
</tr>
<tr>
<td>3:00 P.M.</td>
</tr>
</tbody>
</table>

The practice lasts 2 hours.

Write the times. Then write how much time has passed.

1. Start Time   End Time   How long does the practice last?
    10 A.M.       10 P.M.    ______ hours

2. Start Time   End Time   How long does the practice last?
    2:00 P.M.     4:00 P.M.  ______ hours

3. “The Sleepy Clock” starts at 7:00 P.M. and ends at 9:00 P.M.
   How long is the movie? ________ hours
