**Symmetry**

Read. Then solve.

1. Ling draws a rectangle. Draw a line of symmetry.

   ![Rectangle with line of symmetry](image1)

2. Sean draws a hexagon. Draw three lines of symmetry.

   ![Hexagon with three lines of symmetry](image2)

3. Toshie draws a square. Draw two lines of symmetry.

   ![Square with two lines of symmetry](image3)

4. Benjamin draws a circle. Draw four lines of symmetry.

   ![Circle with four lines of symmetry](image4)
