Adjective Fun

Objective
To say sentences containing adjectives

Number of players
2 or more

Materials
Game board (See Blackline Master II-39.), spinner, 20 game cards made out of white construction paper (See samples shown.), game markers, paper clip, paper fastener, scissors

Before playing
• Duplicate and distribute Blackline Master II-39. Make a spinner as shown.
• Draw the game-card grid and fill in the adjectives. Duplicate and distribute a copy to each group of players. Have children cut apart the cards.

How to play
1. Have children mix up the cards and place them facedown in a pile. Tell children to place their markers on START.
2. Player 1 spins the spinner and moves forward the number of spaces indicated. Player 1 picks a card from the top of the pile, reads the adjective aloud, and says a sentence using the adjective. Instruct children to raise their hands for assistance if they are unsure whether an answer is correct or incorrect.
3. If Player 1 is unable to use the adjective in a sentence, he or she moves back to the previous space.
4. Players take turns spinning, moving, and saying sentences containing adjectives. Cards may be mixed up again, if needed.

Scoring
The first player to reach END is the winner.
Adjective Fun

Use this game board to play a game.
