Cut and Paste

Players: 2 or more, a caller

You need: a list of Unit 33 Basic Words, newspapers or magazines, pens or markers

How to play: Each player takes a magazine or a section of the newspaper and a pen or marker. Players take turns being the caller.

1. The caller reads aloud a Basic Word and then says, “Go!”
2. The players look through the newspaper or magazine to find the letters that spell out the Basic Word. The players circle the letters in the correct order and raise a hand when they finish.
3. The caller checks to see that each player has spelled the word correctly. The first person to correctly spell the word is the next caller. Play continues until all words have been spelled.
