1. Using the side of a refrigerator carton, draw two wheels as shown at right.

2. Cut both wheels out and draw the spokes and rims with markers.

3. Place a heavy cardboard tube through a hole cut from the wheel’s center.

   Desks can serve as the wagon’s frame.

   Actors can sit on top of them or sit on stools behind them.

2 stage hands can sit under the desks and turn the wagon wheels.
